ABOUT US

Ajanta Universal Fabrics Limited (AUFL) is India's leading manufacturer of industrial canvas fabrics. Established in 1998, the company has carved a unique identity on the global stage due to our strict adherence to quality standards and commitment to customer satisfaction.

Spread across a vast 15-acre facility, have employs over 450 skilled Employees who consistently drive the company towards excellence with a focus on quality and performance.

At Ajanta, our Spinning, Weaving, Dyeing, Finishing, and Coating facilities are vertically integrated under one roof. State-of-the-art technology is incorporated for each process, improving fabric quality and enhancing efficiency, making our fabric price competitive.

Our mill produces canvas fabrics ranging from 7 oz to 28 oz in weight and widths from 26 inches to 144 inches. With a monthly production capacity of 400,000 meters, we are also capable of manufacturing single jumbo rolls up to 2000 meters in length.

Environmental protection is a top priority at Ajanta. We have installed a 2.5 MW solar power plant to reduce our carbon footprint. Furthermore, we are proud to operate one of India's Zero Liquid Discharge (ZLD) systems, ensuring no chemically treated water is released from our facilities, reinforcing our commitment to sustainability.

To ensure quality assurance and earn global trust, AUFL has obtained various international certifications, including ISO, GOTS, and BCI. We are DNB-certified and also a proud member of the Advanced Textile Association USA.

AUFL has established a strong presence in over 20 countries, exporting high-quality canvas fabrics to key markets such as the USA, Canada, the UK, UAE, Thailand, Saudi Arabia, and France. Our clients trust us not just for the superior quality of our fabrics, but also for our reliable services, timely delivery, and ethical business practices.
We offer a comprehensive, one-stop solution - from fiber to finished fabric.

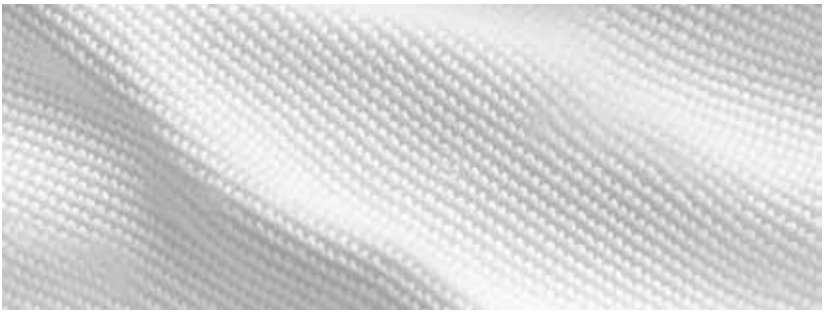
Thickness	:	**3mm & 18mm (customization available)**
Fabric	:	**7 Oz Primed & 10 Oz Primed**
Packing	:	**Single Packs, Multi-Packs, and Combo Packs**

We offer canvas panel in both white and black primed options.

Polyester & Polycotton Canvas Fabric

Spun Poyester Canvas Fabric



We manufacture 100% Polyester greige canvas fabrics in a range of qualities, suitable for diverse industrial applications.

These fabrics are made using high-tenacity ring-spun yarn.

Our Polyester Canvas fabrics are available in weights ranging from 5oz to 24oz and in various weaves, including Plain, Twill, and Drill.

Polycotton Canvas Fabric

We specialize in manufacturing polycotton greige canvas fabrics in a diverse range of blends and qualities, designed to meet the demands of various industrial applications. Our fabrics are produced using open-end, ring-spun, and core-spun yarns to ensure optimal performance and durability.

Our polycotton canvas fabrics are available in weights from 5 oz to 24 oz and in various weaves, including plain, twill, drill, and ripstop.
